Pringle Technologies Serves Up Software and IVR Solutions for the Restaurant Industry

Pringle Technologies to Exhibit at The National Restaurant Association Show, May 20-23, 2023

Peoria, IL, USA [May 20, 2023] – Pringle Technologies, a developer of technology solutions for the restaurant industry, will showcase offerings from **BistroStack**, **Pringle eAgent**, **SajjaS Clayoven** and **Pringle Robotics** at The National Restaurant Association Show. As an exhibitor at the Show, an event bringing together more than 51,000 foodservice professionals from 112 different countries and representing over 900 product categories, Pringle Technologies will be able to connect with the industry and share leading-edge technology and solutions for the year ahead in Chicago, Illinois.

Pringle Technologies is an integrated technology solutions developer headquartered in Peoria, Illinois and Pierre, South Dakota. Through its BistroStack and Pringle eAgent solutions, the company offers a complete technology stack that helps restaurants thrive by integrating all aspects of business operations into one platform. These include mobile, website and third party ordering; delivery orchestration; contactless order and pay; custom IVR, call center and CRM; mobile apps, website development and digital marketing; credit card processing and in-house kiosks.

Pringle subsidiary, SajjaS Clayoven, is the exclusive dealer of Shahi Tandoor Ovens for North America, Australia and Singapore. And Pringle Robotics develops autonomous robotic solutions that help restaurants delight guests while addressing staffing shortages.

Pringle Technologies' wide range of offerings will be on display at **Booths #10642 and #10643**.

“Pringle Technologies exists to support restaurant owners and staff through one philosophy—you focus on the food, while we take care of the rest,” said Sudheer Sajja, Pringle Group founder. “Being able to share our integrated solutions directly with industry professionals who need them is something we are really looking forward to at the Show.”

“We’re pleased to welcome Pringle Technologies as exhibitor at the 2023 Show,” said Tom Cindric, President of Winsight Exhibitions. “The annual event showcases the latest in foodservice innovation and continues to inspire menus, revitalize beverage programs, initiate equipment investments and pioneer groundbreaking technology. We’re thrilled to bring together start-ups, niche brands and the biggest names in the industry to help foodservice professionals solve for today’s biggest challenges including workforce shortages, labor costs and overall operational efficiency.”

As the global restaurant and hospitality industry’s premier trade show, the National Restaurant Association Show is the place to explore everything that’s happening in the hospitality industry, from the latest food and beverage trends to emerging technology.
